

Oak Class - Summer 1

Art

Anthony Gormley

- Investigate the famous sculpture Anthony Gormley and understand key messages behind his work.
- Design and build our own sculpture in the style of Anthony Gormley.

Music

- Listen to, evaluate and perform a range of different musical compositions.

Computing

- To design a system for turning a school into a smart school using data collection and transfer.

RE

- What is Ramadan? How is Eid celebrated?
- What is Halal? How does Muslim family life show their belief in the Qur'an?
- How do modern Muslims follow their faith today?
- How can we tackle Islamophobia? Does the media show Islam in a balanced way?

Topic - Geography

Coasts

- Find and locate the most famous coastal destinations in the UK and the world.
- Be able to describe different physical features of a coast.
- Evaluate coastal erosion and longshore drift and the impact that this has on coasts over time.
- Explain what a tsunami is and why they occur.
- Investigate how coastal areas support wildlife and what habitats can be found there.
- Conduct fieldwork as to the impact of humans on coastal

PE

- Mr Mason will teach us athletics on a Monday and Friday afternoon as well as a Tuesday morning.

Science

Living Things and Their Habitats

- Living things can be formally grouped according to characteristics.
- Plants and animals are two main groups but there are other living things that do not fit into these groups e.g. micro-organisms such as bacteria and yeast, and toadstools and mushrooms.
- Plants can make their own food whereas animals cannot.
- Animals can be divided into two main groups: those that have backbones (vertebrates); and those that do not (invertebrates).
- Vertebrates can be divided into five small groups: fish; amphibians; reptiles; birds; and mammals. Each group has common characteristics.
- Invertebrates can be divided into a number of groups, including insects, spiders, snails and worms.
- Plants can be divided broadly into two main groups: flowering plants; and non-flowering plants.

PSHE

- Investigating what affects mental health and ways to take care of it; managing change and loss.
